WorkCentre® Pro 765

fax | print | copy | scan

Affordable, Powerful  
**Multifunction**  
Fax Solution

An affordable yet powerful multifunction fax solution for today's mid-sized workgroups, the WorkCentre Pro 765 fax system combines high-capacity fax handling with fast, high-resolution printing, copying, and scanning.

# Xerox WorkCentre Pro 765

## **High-volume fax capacity and multifunction productivity.**

Expressly designed for today's workgroups, WorkCentre Pro 765 multifunction solution combines high-volume fax handling with fast, crisp printing, copying, and scanning.

For productivity and economy, WorkCentre Pro 765 systems feature the most advanced technologies available. Built-in high-speed modems, Xerox Accelerated Protocol (XAP), and JBIG compression assure you of the most efficient, economical, high-quality fax transmissions.

Fast 12 page-per-minute printing, quick 1.2-second-per-page scanning, generous 300-page memory, and paper handling capacity stand up to your high-volume demands. And a versatile but intuitive user interface, combined with powerful ControlCentre® software, make the WorkCentre Pro 765 fax system easy to use and manage.

## **Speed, capacity, and quality of output add up to high performance.**

WorkCentre Pro 765 systems deliver crisp, detailed pages without keeping you waiting. It sends and receives faxes at today's V.34 33.6 Kbps quick fax modem speed, with JBIG compression for the fastest transmission.

This speed is enhanced with XAP—Xerox Accelerated Protocol—for fast handshaking between Xerox fax systems. Print output is up to 12 ppm at true 600 x 600 dpi resolution with 256 half-tone levels for very accurate, subtle documents, and up to 400 x 400 dpi scan resolution.

High-capacity, built-in memory allows the WorkCentre Pro 765 system to store up to 700 pages for transmitting or receiving faxes. The front-loading 550-sheet paper tray allows you to add a full ream before it's totally empty. Together with a 50-page automatic document feeder, the WorkCentre Pro 765 system's volume paper capacity (expandable to 1650 sheets) enables it to handle multiple documents, incoming and outgoing. So there's no waiting around when sending multi-page faxes, no "memory full" interruption of vital communications just because everyone's focused on the work, not on the equipment.

WorkCentre Pro 765

## **Multifunction right out of the box.**

Multifunctional right out of the box, the WorkCentre Pro 765 system can juggle tasks with ease. Depending on what you need at any moment, you can use your fax system to send or receive faxes, and print documents, all at the same time.

## WorkCentre Pro 765 Multifunction Fax System

**Affordable, high-capacity performance with productivity features and options to power today's busy mid-sized workgroups and offices—plus ultimate ease of use and a low total cost of ownership.**

Economical and expandable, the WorkCentre Pro 765 productivity solution is for mid-sized workgroups with heavy fax traffic as well as print and copy requirements.

### Standard Features:

- Two V.34 33.6 Kbps modems with JBIG compression and V.8 or XAP handshaking
- 1.2 second/page fast scanning
- 700-page memory
- 12 ppm print engine
- True 600 x 600 dpi printing (400 x 400 dpi scanning and copying)
- 50-page automatic document feeder
- 550-page front-loading paper tray
- Up to 99 copies at a time
- TWAIN scanning
- Intuitive controls, with 68 one-touch keys, keyboard, 300 speed dials and 50 group dials
- PC ControlCentre software for local administration

### Every task's a snap.

WorkCentre Pro 765 system is easy for everyone to use, with straightforward control panels. One touch keys for 68 common functions, 300 speed dials and 50 group dials, and an easy-to-read four-line display make everyday operations a snap for everyone in the office, with little or no training required.

But what really sets this multifunction fax solution apart is Xerox ControlCentre software. This simple-to-use software enables administrators to set up the WorkCentre Pro 765 system, enter phonebook data, monitor usage and supplies, and upgrade software—all directly from a PC. You can even set up your WorkCentre Pro 765 system to order its own supplies, including toner and drum unit, automatically as needed, so you'll never run out. ControlCentre software operates via direct connection between a PC and the WorkCentre Pro 765.

### Savings that add up to a low total cost of ownership.

Your savings start with the affordable price of the WorkCentre Pro 765 system — and grow from there. Fast scanning and printing saves your staff valuable time. High-speed transmission and advanced data compression technologies lower your fax costs without compromising on quality.

## Specifications

Fax	
<b>Operation</b>	Plain Paper Fax
<b>Compatibility</b>	ITU-T Group 3
<b>Data Compression</b>	JBIG, MMR, MR, MH
<b>Modem</b>	765: Two standard V.34 33.6 Kbps with auto fallback
<b>Handshaking Protocol</b>	ITU-T compliant (V.8) and Xerox Accelerated Protocol
<b>Transmission Speed</b>	2.4 seconds per page**
<b>Fast Scan</b>	1 second per page****
<b>Security</b>	Confidential send and receive, department codes and ITU-T T.30 subaddressing
<b>Fax Scan Resolution</b>	406 x 392 dpi, 300 x 300 dpi, 203 x 392 dpi Superfine, 203 x 196 dpi Fine, 203 x 98 dpi Standard***
<b>Halftone</b>	Error-diffusion (256 logical levels), Superfine, Fine
<b>Memory</b>	7 MB/700 pages*
<b>Battery Back-up</b>	Up to 72 hours for document storage
<b>Dialing</b>	300 speed dials; 68 one-touch; 50 groups of up to 368 stations each; relay broadcast up to 5000 destinations; fast dialing: dialing starts before entire document is scanned
<b>ADF</b>	Up to 50 sheets of 20 lb letter/A4 paper
<b>Main Paper Capacity</b>	One front-loading tray at 550 sheets (20 lb/80 gsm letter/A4) two optional 550 sheet trays can be added for total of 1,650 sheets
<b>Key Reports</b>	Activity Report, Confirmation Report, Mailbox Receipt Report, Power Failure Report, Settings Report, Pending Job List, Phonebook Lists, Department Codes.
<b>Convenience</b>	Auto-reduction and auto-selection of legal/letter with optional tray, monitor speaker, external telephone jack, auto-redial, fax, print and copy separator pages, permanent line monitor, alternative phone numbers, auto-save for undeliverable faxes, optional handset.

<b>Ease of Use</b>	4-line, 80-character LCD display, direct feature access, ControlCentre software (Web version) front loading universal paper trays (letter/legal/A4), key board for character entry
<b>Mailboxes</b>	Up to 100 ITU-T mailboxes
<b>Maximum Document Size</b>	8.5 inches (216 mm) x unlimited length with operator assistance
<b>Maximum Scan Width</b>	8.5 inches (216 mm)
<b>Software</b>	ControlCentre: for programming machine settings and phone books from a PC. ControlCentre client supports Windows 95/98/NT/2000/XP

## Printer

<b>Print Technology</b>	Laser Beam Printer Dry Electro-Xerographic, Microfine Toner
<b>Output Print Resolution</b>	600 x 600 dpi
<b>Engine Speed</b>	12-pages-per-minute
<b>Print Description Language</b>	GDI

## Copier

<b>Resolution</b>	406 x 391 dpi Superfine, 203 x 195 dpi Fine printed at 406 x 391 dpi with smoothing
<b>Multiple Copies</b>	1-99 of multiple page originals
<b>Reduction</b>	100%, 86%, 75%, 50% or autofit (user selectable)
<b>Collation</b>	Collate or Uncollate (user selectable)
<b>Halftone</b>	Error-diffusion (256 logical levels), Superfine, Fine
<b>Contrast Control</b>	Normal, lighten, darken

## Scanner

<b>Resolution</b>	Up to 400 x 400 dpi
General	
<b>Power</b>	89-138 VAC, 50/60 Hz (US, Canada)
<b>Size</b>	Base Model (w x d x h): 28.4 x 23.3 x 13.9 inches (722 x 596 x 354 mm)
<b>Weight</b>	60 lbs (27 Kg) in standard configuration
<b>Environment</b>	Temperature operating range: 50°F (10°C) to 90°F (33°C) Humidity range: 20% to 80% non-condensing

## Options

<b>Main Paper Trays</b>	550 sheet universal tray for letter/ legal/A4; up to 2 optional trays can be added
<b>Telephone Handset</b>	Hearing Aid Compatible

## Supplies

<b>Approximate Yield Toner Cartridge</b>	3,750 pages @ 4% coverage (935 pages for included initial supplies)
<b>Drum Cartridge</b>	10,000 pages

\*ITU-T Document # 1, (3.8% coverage), JBIG
